

KEZIA TURNER

VOICEOVER ARTIST & VOICE ACTOR

ABOUT ME

I'm a hard-working northerner from the UK who has worked as a voice actor and voiceover artist for over 6 years. I offer a wide range of mellifluous vocal styles from accessible commercial tracks to games characters to long-form narrative work; always emotionally-connecting with the material to ensure the the results are meaningful & exact from start to finish. I can offer alto-style singing skills and a variety of blood-curdling screams.
